SUMMARY

Final-year Computer Science student specializing in frontend development and data structure problem-solving. Proficient in React.js, Tailwind CSS, SQL, and HTML, with a quick learning curve and adaptability to new technologies. Actively honing analytical and coding abilities through hands-on projects and competitive programming, with a passion for delivering creative, impactful solutions in fast-paced, growth-driven settings.

EDUCATION

- **Galgotias University, Greater Noida, Uttar Pradesh**
Bachelor of Technology in Computer Science Engineering; CPI: 7.51
Greater Noida, India
2022-2026(Tentative)
 - **Jeevan Public School**
Intermediate
Motihari, India
2019-2021(Tentative)

TECHNICAL SKILLS

- **Programming Languages:** Python, HTML/CSS, JavaScript,
 - **Framework and Libraries:** React.js
 - **Database:** MySQL
 - **Tools:** VS Code, Git and GitHub
 - **Core Skills:** Data Structures, Design and Analysis of Algorithms, Object Oriented Programming

PROJECTS

Currency Converter

- **Built a responsive currency converter application** using React.js, Tailwind CSS, and a live exchange rate API for real-time currency conversions.
 - **Integrated dynamic dropdowns, input validation, and API-based calculations to ensure accurate results and a smooth user experience across devices.**

Portfolio Website

- Developed a responsive personal portfolio website showcasing skills, projects, and contact information using HTML, CSS, JavaScript, and modern animations.
 - Implemented interactive UI transitions and multi-color background effects to enhance user engagement across desktop, tablet, and mobile devices.

ACHIEVEMENTS

- PALO ALTO CYBERSECURITY VIRTUAL INTERNSHIP
 - PYTHON FULLSTACK DEVELOPER VIRTUAL INTERNSHIP

CERTIFICATION

- MySQL certification - Oracle
